

## Annexe A Basic Need

### Additional demand for primary classes for September 2009

SCC has a statutory duty to offer school places to those that apply and to provide school places for children resident in its area – ie Surrey.

Demand is greater than projections indicate, which is likely to be caused by parents/carers who would previously have applied for an independent school place, not doing so owing to the recession. This additional demand is likely to last for at least 2 years.

In some areas the shortage of places is localised, which can cause problems in making a reasonable offer of a place as the alternative school offered may present access issues.

Confidential discussions are still taking place with schools, so the identity of the schools cannot yet be disclosed.

Additional Primary classes needed for September 2009, then anticipated need for 2010.
