The land to which the application relates is the parcel of land on which the semi detached residential property at 10 Manor Gardens, Sunbury on Thames, TW16 6NY sits, as built in 1928.

The property itself occupies a single parcel of land between Green Street at the front, (and inclusive of a wooded area at the front), and the fenced boundary separating the property from the sports field at the rear owned by St Pauls Catholic College.

Neighbour property garden fences and walls on either side form the longitudinal boundaries between properties from front to back.

The curtilage of the property at 10 Manor Gardens is all as indicated in red outlining on the supplied attached 1:1250 scale plan, and is exclusively owned by Mr A Rose & Mrs D Rose.

A part of the defined curtilage at No. 10, serves, and is maintained as, an unmade road section crossing in front of the property and also includes the section that joins Manor Gardens into the main Green Street public road and provides the south exit from Manor Gardens. This section of unmade road is itself an integral and entirely owned part of the overall No. 10 property. Its length corresponds to the No.10 property frontage, together with a similar length running into the public road Green Street via a bell mouth,

No.11 Manor Drive (which is not technically in Manor Gardens) has a right to enter and leave that property over the end exit section to Green Street belonging to No. 10 but not over other sections of Manor Gardens as individually owned by other properties. This as a purely private arrangement with No. 10 and as reflected in property deeds.

5. Ordnance Survey six-figure grid reference(s) of a point within the area of land(s) to which the application relates (if known):

Grid reference TQ 101694

Part A, Part B, Part E, Part F, Land parcel Location map with land parcel delineated in red.

PART B: Statement under section 31(6) of the Highways Act 1980

We, Mr Albert Rose & Mrs Dianne Rose are the husband and wife owners and occupiers of the land described in paragraph 4 of Part A of this form and as shown delineated in red on the map accompanying this statement.

No ways over the land shown red on the accompanying map have been dedicated as public highways or footpaths.

To the extent that this is legally possible, this restriction is rigorously enforced by us as and when appropriate and necessary, and in conjunction similar efforts by other Manor Gardens property owners.

PART C: Declaration under section 31(6) of the Highways Act 1980

Not thought appropriate by applicants as only Highways Act 'statement' please advise if incorrect assumption.

PART D: Statement under section 15A(1) of the Commons Act 2006

Not thought appropriate by applicants as only Highways Act 'statement' please advise if incorrect assumption.

PART E: Additional information relevant to the application
(insert any additional information relevant to the application)

A previous and now lapsed Highways statement was made by ourselves on 6th July 2007 as shown in Surrey CC online data. This current 'Highways Statement' is intended as a new application due to lapsed status of previous.

No. 10 Manor Gardens and the parcel of land on which it sits and as marked in red on the provided map is owned as a freehold property by myself and my wife as named in this application and occupied by us continuously since purchased in 200

'Manor Gardens' has always been since 1928 when properties were first built, an unmade road made up of 10 separate individually owned road sections. It has two entrances/exits joining the major public road 'Green Street' at the extreme ends. The ten individually owned sections are not 'in common ownership' in any sense, and equally there is no shared ownership or common use of the wooded areas included within the curtilage of any of the individual properties/land parcels.

All Manor Gardens property owners have their own road sections of length matching their respective frontages. Maintenance of the individually owned sections of unmade road is an individual householder responsibility as is maintaining its surface and ensuring safe access to legitimate users.

Properties No.10 and No. 1 at the two extreme ends included also the section of unmade private road running out into Green Street at North and South extremes and which facilitates access and egress to the public main road from our private road via bell mouth openings crossing the pavements.

Use of individual sections of road is entirely by private mutual agreement and affords only a reciprocal restricted right to 'cross and recross' the individual section of road of the ten properties within Manor Gardens by homeowners and their legitimate visitors, for the purposes of gaining access to and egress from their individual properties as determined and stated within title deeds, and deeds of covenant.

The expression 'Legitimate visitors' includes persons and their vehicles making deliveries, e.g. milk man, postman, service provider representatives, police, tradesmen, utility companies and others that have genuine need of access to properties to provide services or as otherwise requested by home owners.

Other than 'legitimate visitors', there is no permitted public vehicle or public pedestrian access, and this includes parking, turning or using Manor Gardens unmade road as an unauthorised 'cut through', or as a footpath. To the extent that this is legally possible, this restriction is rigorously enforced as and when appropriate and necessary.

At both entrances signs indicating the private nature of the road have been placed and clearly visible. Previous signs were removed and upgraded signs installed in 2007 and as have been in place since.

The below photographs show the exit section of private road in front of No. 10 running into Green Street at the Southern end and which forms part of the parcel of No.10 land. Also the signage at this exit as upgraded in 2007 years).
