The property itself occupies a single parcel of land between Green Street at the front, (and inclusive of the wooded area at the front of property), and the fenced boundary separating the property from the sports field at the rear owned by St Pauls Catholic College.

Neighbour property garden fences on either side form the longitudinal boundaries between properties from front to back.

The curtilage of the property at 6 Manor Gardens is all as indicated in red outlining on the supplied attached copy of location Plan, and is exclusively owned by me and my wife.

A part of the defined curtilage at No.7 serves and is maintained as, an unmade road crossing in front of the property. This section of unmade road is itself an integral and entirely owned part of the overall No. 7 property. Its length corresponds to the No. 6 property frontage.

We, Mr David Axelrod and my wife Mrs Hazel Axelrod are the owners and occupiers of the land and property described in paragraph 4 of Part A of this form and as shown delineated in red on the 1:500 scale map accompanying this statement.

No ways over the land shown red on the accompanying map have been dedicated as public highways or footpaths.

To the extent that this is legally possible, this restriction is rigorously enforced as and when appropriate and necessary.

PART C: Declaration under section 31(6) of the Highways Act 1980

PART D: Statement under section 15A(1) of the Commons Act 2006

PART E: Additional information relevant to the application
(insert any additional information relevant to the application)

No.7 Manor Gardens and the parcel of land on which it sits and as marked in red on the provided map has been owned and occupied by myself and my wife as a freehold property for the past 12 years. We have never made a previous CA16 application and none exists for this property.

'Manor Gardens' itself is, and has always been since 1928 when the properties were first built, an unmade road comprising 10 separate individually owned road sections. It has two entrances/exits joining the major public road 'Green Street'. The ten individually owned sections are not 'in common ownership' in any sense, and equally there is no shared ownership or common use of the wooded areas included within the curtilage of any of the individual properties/land parcels.

All Manor Gardens property owners have their own road sections of length matching their respective frontages. Maintenance of the individually owned sections of unmade road is an individual householder responsibility as is maintaining its surface and ensuring safe access to legitimate users.

Properties No.1 and No. 10 at the two extreme ends included also the section of unmade private road running out into Green Street at North and South extremes and which facilitates provide access and egress to the public main road.

Use of individual sections of road is entirely by private mutual agreement and affords only a reciprocal restricted right to 'cross and recross' the individual section of road of the ten properties within Manor Gardens by homeowners and their legitimate visitors, for the purposes of gaining access to and egress from their individual properties as determined and stated within associated title deeds, and deeds of covenant.

The expression 'Legitimate visitors' includes persons and their vehicles making deliveries, e.g. milk man, postman, service provider representatives, police, tradesmen, utility companies and others that have genuine need of access to properties to provide services or as otherwise requested by home owners.

Other than 'legitimate visitors', there is no permitted public vehicle or public pedestrian access, and this includes parking, turning or using Manor Gardens unmade road as an unauthorised 'cut through', or as a footpath. To the extent that this is legally possible, this restriction is rigorously enforced as and when appropriate and necessary.

At both entrances signs indicating the private nature of the road have been placed and clearly visible. Previous signs were removed and upgraded signs installed in 2007 and as have been in place since.

The below photographs show the private road section running past the front of my property at No. 6 towards the end northern exit to Green Street. Also Northern end road entrance signage referred to above.
